Ancient Mesopotamians were no different! In fact, magic and sorcery were a very normal part of their everyday lives. They believed the world was often threatened by a host of demons—the supernatural kind—and sorcerers—the human kind. Note: sorcerers—or more accuracately, sorceresses brought bad magic.

The Sumerians, the pragmatic and gifted people who preceded the Semites in the land first known as Sumer and later as Babylonia, created what was probably the first high civilization in the history of man, spanning the fifth to the second millenniums B.C. This book is an unparalleled compendium of what is known about them. Professor Kramer communicates his enthusiasm for his subject as he outlines the history of the Sumerian civilization and describes their cities, religion, literature, education, scientific achievements, social structure, and psychology. Finally, he considers the legacy of Sumer to the ancient and modern world. "There are few scholars in the world qualified to write such a book, and certainly Kramer is one of them. . . . One of the most valuable features of this book is the quantity of texts and fragments which are published for the first time in a form available to the general reader. For the layman the book provides a readable and up-to-date introduction to a most fascinating culture. For the specialist it presents a synthesis with which he may not agree but from which he will nonetheless derive stimulation."—American Journal of Archaeology "An uncontested authority on the civilization of Sumer, Professor Kramer writes with grace and urbanity."—Library Journal

As the King of Uruk, he oppresses his people and burdens his city. To temper his excesses, the gods create Enkidu, Gilgamesh's equal, who becomes his greatest friend. Together they wander the kingdom as brothers, conquering demons until a cruel twist changes Gilgamesh's path forever. Two parts god and one part man, Gilgamesh is mortal—a fate he now resolves to overcome, no matter what the price. And so he embarks on another journey, in pursuit of vengeance and the ultimate prize for a mortal king: eternal life. This ebook features an illustrated biography of Robert Silverberg including rare images and never-before-seen documents from the author's personal collection.

Robert Hetzron first organized the North American Conference on Afroasiatic Linguistics (NACAL) at the University of California, Santa Barbara in 1973 and passed away only six months after it had completed a quarter century of annual meetings. He would undoubtedly have been pleased to know that NACAL is still going strong, and that ten years after his passing it attracted no fewer than thirty-six scholars from the United States, Canada, and eight other countries, who presented on topics near and dear to his heart such as phonology, morphology, syntax, language contact, classification, subgrouping, and the history of scholarship, in languages such as Amharic, Arabic, Aramaic, Egyptian, Hebrew, Omotic, and others, as well as the groups to which they pertain. Since he established it, NACAL has served a unique role among the meetings of learned societies in North America. Only a handful of organizations worldwide hold annual meetings dedicated to Afroasiatic linguistics, and NACAL is one of a very small number of venues where linguists from all sub-disciplines and schools of thought meet to share their research. NACAL is also an academic nexus, a unique node at which graduate students at the beginning of their careers rub shoulders with the native speakers of the languages which they study and with the titans of their fields, men and women of an almost legendary stature such as Hetzron himself. This volume contains sixteen contributions from these scholars, on a broad cross-section of topics within the field of Afroasiatic linguistics.

succeed in everyday tasks to enabling you to achieve your most cherished dreams. What's more, you don't even have to believe in magick to make it work. The only thing that's required is regular practice—and the easiest way to practice is to make magickal rituals part of your daily life. With *Ritual: An Essential Grimoire*, magicians Damien Echols and Lorri Davis share a broad selection of their most effective rituals, meditations, and prayers—presented in terms accessible to all. “You won't find a lot of arcane terminology or lengthy ceremonies here,” says Damien. “What you will find are simple practices to develop your own connection to the energy and intelligence of the universe.” Here you'll discover:

- Essential breath and concentration techniques for working with subtle energy
- Grounding practices to cleanse your body and environment from stagnant energies or thoughts
- Everyday meditations for improving sleep and dreams, blessing food, inviting abundance, and more
- On-the-spot practices that include invoking protection, relieving pain and anxiety, and seeing goodness in difficult situations
- Methods to amplify and reinforce your ritual work with talismans, celestial forces, and angel magick
- How ritual work can advance your spiritual evolution and openness to divine guidance
- Moving stories from Damien and Lorri about how magick changed their lives—and how it can change yours

Damien and Lorri learned magick to help them get through the most trying times—to help free Damien from his wrongful incarceration, then to help both of them heal from the traumatic aftereffects of his imprisonment. “Many of these rituals are the very same we used to rebuild our lives,” Lorri says. “We share these practices in the hopes that you will use them to survive, thrive, and create the life you desire.”
