Superiority And Social Interest A

Two key ideas in Alfred Adler's thinking are reflected in these twenty-one papers: the individual's striving toward some kind of individually conceived superiority, perfection, or success and the healthy person's need to connect that striving with social interest--concern for the common good.

Superiority and social interest (1979 edition) | Open Library

Or as Adler put it, “the material of life has been constantly bent on reaching a plus from a minus situation” (Alfred Adler, *Social Interest: A Challenge to Mankind*). While the striving for superiority is innate, the specific manifestations of this striving are determined by the content of our self-ideal.
