Instruction Targeted for TABE® Success is a network-based system which combines computer-based instruction with Contemporary's Skill Assessment Modules, creating one comprehensive preparation system for students taking the TABE®. ITTS uses student scores from TABE® Forms 9 & 10 to assign lessons in the software program. The software also provides customized prescriptions to Contemporary's TABE print materials. ITTS consist of 281 lessons and 716 assessments for TABE levels E, M, and D. The lessons focus on skills and sub-skills in reading, mathematics, and language. Using the ITTS software helps students progress through the levels of TABE while providing detailed records. The program creates an individualized study plan basedon the students' TABE form 9 or 10 test results. Students move through the prescribed lesson modulesuntil they have mastered all skills for their level. Students achieve significant gain when re-tested withTABE 9 or 10. Management System The ITTS management system will allow instructors to manually input student TABE results, or import scores electronically from CTB/McGraw-Hill TestMate TABE, or TABE-PC. The management system will use the TABE data to create individual study plans. Student progress can be tracked via the management system, allowing instructors to see if lessons have been completedand mastered. In response to state legislation and a statewide strategic plan that included a recommendation for quality standards and accountability defined as measurable goals and conditions, model standards for California English-as-a-Second-Language (ESL) adult education programs were established. This document describes general standards, defines language proficiency level, and identifies possible tests for measuring the language proficiency of adults in the California ESL programs. The language proficiency levels are sequenced from ESL beginning literacy through advanced-high. The descriptions included in the ESL model standards reflect current thinking about developmental stages in second-language acquisition and the nature of communicative competence. They distinguish different levels of language proficiency based on content, language functions, and language forms as well as listening, speaking, reading, and writing skills. The contents of this guide are as follows: (1) general standards (program, curricular, instructional, and standards for student evaluation); (2) levels of language proficiency (descriptions of proficiency levels, descriptions of course content, and sample lessons); and (3) ESL testing (general standards, testing materials, selected references). Appended are additional information on levels of language proficiency, general nature of instruction by ESL proficiency level, language skills objectives by ESL proficiency level, language functions by ESL proficiency level, and language forms by ESL proficiency level. (Adjunct ERIC Clearinghouse on Literacy Education) (LB)

We want to give you the practice you need on the ACT McGraw-Hill's 10 ACT Practice Tests helps you gauge what the test measures, how it's structured, and how to budget your time in each section. TABE 11 & 12 Math Student Textbook Level M This math instructional manual is designed to successfully prepare adult students for the TABE 11 & 12 Level M math test and vocational training admission tests. In other words, this manual presents exercises that help adult education programs, Workforce programs, and their adult students meet the Workforce Innovation and Opportunity Act (WIOA) math expectations. It offers Ten chapters that cover all the TABE 11 & 12 and Math CCR standards content such as: 1) measurement and data, 2) number and operations (plus fractions), 3) statistics and probability, 4) number and operations in base ten, 5) operations and algebraic thinking, 6) geometry, 7) expressions and equations, 8) ratios and proportional relationships, and 9) the number system. The book also offers step-by-step instruction, plus practice exercises and answer keys, questions and tasks that encourage pair work and group work, and classroom discussion on math ideas and concepts. It presents 2 practice tests that mimic the TABE 11 & 12 level M test format and rigor, plus answer keys. Specifically, this manual invites math teachers to provide learners with space and time to experiment with math concepts and ideas and to get deeper in their learning process. For example, the tasks presented in this book aim to make learners think more deeply about math and therefore improve their mathematical thinking skills, provide learners with hands-on tasks relevant to their situation, help learners connect their math learning with the real world, create opportunities for learners to read about, write about, and discuss math ideas and concepts.
