Captivated Reader: Take Off Your Pants!: Outline Your ...
If you don ' t get the reference, there is an ongoing debate among writers whether it ' s better to outline your novel first (i.e., " to plot " ) or to just start writing by " the seat of your pants. " . In Libbie Hawkers excellent short book, Take Off Your Pants!: Outline Your Books for Faster, Better Writing, she makes a compelling case why we should all do some basic outlining for our fiction, which will both improve the quality of the storytelling and speed up our writing time.

In this episode, I talk to Libbie about her bestselling non-fiction book, Take Off Your Pants!: Outline Your Books for Faster, Better Writing. In her book, she shares the approach she uses to outline her novels. It ' s an approach that has enabled her to drastically improve her writing productivity.

When it comes to writing books, are you a " plotter " or a " pantser? " Is one method really better than the other? In this instructional ebook, author Libbie Hawker explains the benefits and technique of planning a story before you begin to write. She ' ll show you how to develop a foolproof character arc and plot, how to pace any book for a can ' t-put-down reading experience, and how to ensure that your stories are complete and satisfying without wasting time or words. Hawker ' s outlining technique works no matter what genre you write, and no matter the age of your audience. If you want to improve your writing speed, increase your backlog, and ensure a quality book before you even write the first word, this is the how-to book for you. Take off your pants! It ' s time to start outlining.
In this instructional ebook, author Libbie Hawker explains the benefits and technique of planning a story before you begin to write. She'll show you how to develop a foolproof character arc and plot, how to pace any book for a can't-put-down reading experience, and how to ensure that your stories are complete and satisfying without wasting time or words.

Writing a book is fun and easy--yes, FUN AND EASY--but it may not always feel that way. How do you find the time to write? How do you keep momentum? How do you deal with the horror of showing anyone a single sentence of your work-in-progress? The answers remain fun and easy, and author Elizabeth Sims will take your hand, dispel your worries, and show you how it's done in this stress-free guide to accomplishing your dream of writing your book. In You've Got a Book in You, Elizabeth is that encouraging voice guiding you through the entire process, from finding the right time and place to gathering all of your creative tools to diving right in and getting it done--page by page, step by step. It's easier than you think, and it all starts right here, right now. "This guide is witty, warm, and wise--and wonderfully down-to-earth as well. Elizabeth Sims doesn't just tell you that you've got a book in you, she shows you how to pour it out using your own creative spirit, common sense, and persistence." -Lori L. Lake, author of The Gun Series and The Public Eye Mystery Series "If you're searching for the spark of inspiration to get started writing a book, and the nourishment to sustain you to THE END, Elizabeth Sims's You've Got a Book in You will show you how to find it in yourself." -Hallie Ephron, award-winning author of There Was an Old Woman "You won't find an easier-to-follow or more inspirational writing guide." -L.J. Sellers, author of the bestselling Jackson mysteries "By focusing the high beams of her intelligence (and humor!) on the twisty trail of book-writing, in You've Got a Book in You, Elizabeth Sims proves herself a true writer's friend. As she guides you from the creation of a "working title" through her (brilliant!) "Making-It-Better Process," this well-established pro plays her most impressive cards--stacking the deck in favor of YOU!" -Jamie Morris, Director, Woodstream Writers "Elizabeth Sims packs a twelve-week writing course into 280 pages. Inspirational and yet extremely hands-on, You've Got a Book In You will give newbies confidence to forge ahead and will remind veteran writers why they began writing in the first place--for the joy of it. I won't be surprised when the brilliant terms 'stormwriting' and 'heartbrain' become part of every writer's lexicon." -Julie Compton, author of Tell No Lies and Keep No Secrets "The book is encouraging and inspiring, practical and witty. As a seasoned writer, I appreciate the reminders about the importance of putting yourself on a writing schedule. No more excuses. The many 'writing blasts' are very helpful and will get any writer out of the starting blocks. I especially enjoyed the section, 'Writing with the Masters.' What better way to get inspired, get a feel for different styles, and get jump-started on your writing? Excellent advice that I plan to incorporate in my future classes. I concur with Sims that 'writer's block' is greatly exaggerated. Is there any other profession that claims such a phenomenon? 'Excuse, me, but I have 'book-keeping block,' 'playing music block,' or 'painting block' today? I don't think so. Get yourself on a schedule, read some Sims, write with the masters, and you'll be on your way. You'll be glad you met this friend on your journey to becoming a successful writer." -Gesa Kirsch, Ph.D., Professor of English, Director of Valente Center for the Arts and Sciences, Bentley University

WHAT IS A PANTSER? Briefly put, a panster is someone who writes by the seat of his pants (or briefs, if you're that kind of guy. Hey, no judgments here.) He-or she-is the writer who, like Spock and Bones, goes "where no man has gone before: " the uncharted territory of a novel without an outline. Scary? Sure. An adventure? Always.
Blurbs, product descriptions, query letters... no matter what you call them, they ' re a chore to write. And yet the success of any novel can depend on its pitch. What ' s an author to do? In this short, instructive ebook, Libbie Hawker takes the pain out of pitch-writing and shares the secrets of a perfect fiction pitch. Whether you ' re an indie writer seeking to improve sales of your self-published novels or an author hoping to hook your dream agent with a can ' t-resist query letter, GOTTA READ IT! Is the ebook for you. Learn which features signify great story to the subconscious mind, how to sort through the details of your plot to find the core of your novel, and how to write pitches for books with one, two, or many primary characters... all in five simple steps!
This bestselling guide will help you choose the right type of outline to unleash your creativity as a writer, guide you in brainstorming plot ideas, and aid you in discovering your characters.

What makes a good story or a screenplay great? The vast majority of writers begin the storytelling process with only a partial understanding where to begin. Some labor their entire lives without ever learning that successful stories are as dependent upon good engineering as they are artistry. But the truth is, unless you are master of the form, function and criteria of successful storytelling, sitting down and pounding out a first draft without planning is an ineffective way to begin. Story Engineering starts with the criteria and the architecture of storytelling, the engineering and design of a story--and uses it as the basis for narrative. The greatest potential of any story is found in the way six specific aspects of storytelling combine and empower each other on the page. When rendered artfully, they become a sum in excess of their parts. You'll learn to wrap your head around the big pictures of storytelling at a professional level through a new approach that shows how to combine these six core competencies which include: • Four elemental competencies of concept, character, theme, and story structure (plot) • Two executorial competencies of scene construction and writing voice The true magic of storytelling happens when these six core competencies work together in perfect harmony. And the best part? Anyone can do it!

What makes a romance novel a romance? How do you write a kissing book? Writing a well-structured romance isn't the same as writing any other genre-something the popular novel and screenwriting guides don't address. The romance arc is made up of its own story beats, and the external plot and theme need to be braided to the romance arc-not the other way around. Told in conversational (and often irreverent) prose, Romancing the Beat can be read like you are sitting down to coffee with romance editor and author Gwen Hayes while she explains story structure. The way she does with her clients. Some of whom are regular inhabitants of the New York Times and USA Today bestseller lists. Romancing the Beat is a recipe, not a rigid system. The beats don't care if you plot or outline before you write, or if you pants your way through the drafts and do a "beat check" when you're revising. Pantsters and plotters are both welcome. So sit down, grab a cuppa, and let's talk about kissing books.
