collection of stories credited to Aesop, a slave and storyteller who lived in ancient Greece from 620 - 560 BC. A keen observer of both animals and people, Aesop used the qualities and natural tendencies of animals to focus on human traits and wisdom within his stories. Each fable has an accompanying moral to be learned from the tale. Far from child-like moral lessons one would expect, these fables are also seen as clever jokes and witty one-liners that result in bite size pieces of wisdom for daily life.
