Named one of the best books of the year by People Magazine, Buzzfeed, New York Public Library, Chicago Public Library, Kirkus Reviews, School Library Journal, Publishers Weekly, and more! Nothing is more important than loyalty. But what if you've sworn to protect the one you were born to destroy? Tarisai has always longed for the warmth of a family. She was raised in isolation by a mysterious, often absent mother known only as The Lady. The Lady sends her to the capital of the global empire of Aritsar to compete with other children to be chosen as one of the Crown Prince's Council of 11. If she ' s picked, she'll be joined with the other Council members through the Ray, a bond deeper than blood. That closeness is irresistible to Tarisai, who has always wanted to belong somewhere. But The Lady has other ideas, including a magical wish that Tarisai is compelled to obey: Kill the Crown Prince once she gains his trust. Tarisai won't stand by and become someone ' s pawn--but is she strong enough to choose a different path for herself? With extraordinary world-building and breathtaking prose, Raybearer is the story of loyalty, fate, and the lengths we're willing to go for the ones we love.

What you can't say - owns you. What you hide - controls you. Scarlet knows the truth of these words all too well. As the stress of a family wedding builds, her resolve to be a #GoodDaughter wears thin and toxic truths begin to take their toll. Scarlet's epic humor carries her through everything from (more!) forbidden croquembouche, to uku infestations and melon-like wardrobe malfunctions, and more of her family's barbed idea of love. Sometimes you just have to laugh through life's pain, or else you'll cry your heart out. Right? Can Jackson be the strength that helps Scarlet break through the lies? Or will her secrets destroy them? Experience the tropical heat, humor and heartache that is Scarlet's trip home to Samoa. Do not read unless you can handle scorching scenes that contain passion (fruit) at the plantation, too much dessert and lots of (Jackson's) caramel deliciousness.

The Rider has no memory of who he is, or how he came to be lying - dying - in the brutal heat of the North African desert. Rescued by a band of deserters, the Rider begins to piece together his identity, based on shards of recollection and the letters in his post bag. The Letter Bearer is unlike any other novel of World War Two. It asks profound questions about trauma, warfare and the experience of desertion. This gripping story asks us to consider how men build hope when they have nothing left - not even a name.

She's the brilliant sculptor taking the art world by storm, a daughter of Samoa returning home. He's the fiery remnant of her past, who appears on what should be a night of triumph, weighted with dark secrets that could destroy them both. Can Teuila and Keahi find their way, even as a deadly threat emerges? Because there's a new power on island, malevolent and hungry. His name is Marc Gold. His billion dollar vision of a virus-free Sanctuary in Samoa for the world's rich and privileged, threatens to wipe out an ancient settlement of the Aitu and awakens their retribution. There is a battle coming and it is one that could destroy them all. This is a Telesa World novel which continues the stories of key characters from the Telesa Series. It can be read as a standalone book.

Has the zombie plague mutated, or is there something far more sinister behind this new invasion of the living dead? One thing Benny and his companions can ’ t afford to forget: In the great Rot & Ruin, everything wants to kill you.
