components of Kabbalistic doctrines and techniques—Divine Names! The material addressed in this tome derives from the extensive primary literature of 'Practical Kabbalah,' much of which is appearing in print for the first time in English translation"--back cover.

The "Shadow Tree Series" comprises a unique collection of Western Esoteric studies and practices which Jacobus G. Swart, spiritual successor to William G. Gray and co-founder of the Sangreal Sodality, has actuated and taught over a period of forty years. In "The Book of Immediate Magic - Part 1" Jacobus G. Swart perpetuates the fundamental tenets of "Self Creation" in which it is maintained that the "Centre" establishes the "Circumference," and that personal reality is emanated in harmony with personal "Will." Hence this tome comprises an enhancement and expansion of the magical doctrines and techniques of Practical Kabbalah addressed in "The Book of Self Creation," "The Book of Sacred Names," and "The Book of Seals & Amulets." Jacobus Swart claims that working "Immediate Magic" is neither impossible nor difficult when we fully understand that consciousness is just one vast ocean, and that thoughts are the waves we make in it. It is all a matter of coordinating consciousness.

In this book, you will learn, for the first

time, the 6 hidden names of God within the first few verses in the book of Genesis. The names are in Hebrew , but do not worry. I will transliterate as necessary. These names are known by VERY few people. Today, you will learn them for yourself. Although the old testament books are filled with secret names of the divine, the ones in the book of Genesis are of utmost importance. Why? The book of Genesis is the account of divine creation. God manifested the entire universe and it is recounted allegorically and some would say literally, within the pages of Genesis. This significant because the hidden names are the very names God used for creation. By tapping into these names , you will have a piece of the power used in the Genesis of the universe. You can use the power of Genesis, to manifest whatever it is you require in your life. It is, after all, the book of creation...Isn't it?

Even the passive reader can get a sense that there is more to the use of names within Ancient Scripture than we inherently see. The authors of these texts, including the Bible and The Book of Mormon, seems to imply or expect the reader to understand something about how names and titles are used within their works; but often times the distance between the author and the reader, in both time and space, makes it difficult to bridge this understanding. This text reviews the ancient use and understand of names,

especially covenant names and their relationship with the ancient author's culture and society. Ultimately, this understanding gives the reader a greater sense of depth and appreciation in the ancient authors messages and objectives. This study of names also gives greater insight into the use and context of the name of God within Ancient Scripture; in particular, give clarity to the use of the name of Christ within The Book of Mormon. This understanding can change the framework of Latter-day Saints conception of the message and narrative of that sacred text. From these foundational principles, additional insight is given regarding, how names within these texts give implicit context within the lives of the characters used, which the author expected and intended the reader to inherently understand but has ultimately been lost to time and cultural understanding. This study will begin to open how names are continued to be used within the faith, tradition, and most sacred spaces of the faithful today.

Seals, Magic Squares, Divine and Angelic Names, etc., as well as their employment in Hebrew Amulets in order to benefit personal wellbeing in a most significant manner. Continuing the standards set in "The Book of Self Creation" and "The Book of Sacred Names," Jacobus Swart offers detailed instruction on the contents and construction of Hebrew Amulets. He again consulted the enormous array of relevant primary Hebrew literature, large sections of which are available to an English readership for the first time.

The Magus, or Celestial Intelligencer; being a Complete System of Occult Philosophy is a handbook of the occult and ceremonial magic compiled by Francis Barrett and published in 1801. This book facilitated the modern revival of magic by making information from otherwise rare books readily available. It may have influenced novelist Edward Bulwer-Lytton and occultist Eliphas Levi. More controversially, it has been identified as an influence on Joseph Smith, Jr., founder of the Latter Day Saint movement, in Reed C. Durham, Jr.'s speech "Is There No Help for the Widow's Son?"

In this book, we will be discussing an ancient Jewish prayer, often called the "The Kabbalists Prayer" and the "Genesis Prayer" called in Hebrew "Ana Bekoach". This powerful prayer on the surface seems like a standard prayer, nothing particularly remarkable is contained within the verses. To most, it is just another prayer, but to those who look, they will find within the text the 42 letter name of God. This name of God is so powerful that just by reciting it and gazing upon the letters, you can gain immense powers from the divine. Powers that can solve all

your problems. I know it sounds too good to be true, but this prayer and the 42 letter name of God within its verses has been proven to be very powerful. If you look it up you will find countless testaments to the power of this name. Let us begin.

This book gives us conclusive proof, of the SOUND of the sacred name of God. No more guessing, speculating, conjecture, or assumptions, just facts. You may be surprised to find out that his name has been hidden in plain sight. Once we've found the SOUND of his name, we've actually found his name, because a name is a SOUND and then we can share the SOUND/name with others. Some things are hidden in simplicity.
