The man Jason Bourne fishes out of the freezing sea is near death, half-drowned and bleeding profusely from a gunshot wound. He awakens with no memory of who he is or why he was shot-and Bourne is eerily reminded of his own amnesia. Then Bourne discovers that the Mossad agent named Rebeka is so determined to find this injured man that she has gone off the grid, cut her ties to her agency, and is now being stalked by Mossad's most feared killer. Do the answers to these mysteries lie back in southeast Lebanon, in a secret encampment to which Bourne and Rebeka escaped following a firefight weeks ago? The complex trail links to the mission given to Treadstone directors Peter Marks and Soraya Moore: find the semi-mythic terrorist assassin known as Nicodem0. In the course of Bourne's desperate, deadly search for a secret that will alter the future of the entire world, he will experience both triumph and loss, and his life will never be the same. Now everything turns on the amnesiac. Bourne must learn his identity and purpose before both he and Rebeka are killed. From Stockholm to Washington, D.C., from Mexico City to Beijing, the web of lies and betrayals extends into a worldwide conspiracy of monumental proportions.

Jason Bourne is searching for an elusive cadre of terrorists planning to destroy America's most strategic natural resources-and needs the help of his longtime friend, General Boris Karpov. Karpov, the newly appointed head of Russia's most feared spy agency, FSB-2, is one of the most determined, honorable, and justice-hungry men that Bourne knows. But Karpov has made a deal with the devil. In order to remain the head of FSB-2, he must hunt down and kill Bourne. Now, these two trusted friends are on a deadly collision course. From the Colombian highlands to Munich, Cadiz, and Damascus, the clock is counting down to a disaster that will cripple America's economic and military future. Only Bourne and Karpov have a chance to avert the catastrophe-but if they destroy each other first, that chance will be gone forever. THE BOURNE DOMINION Jason Bourne is one of the most compelling and best loved characters created by internationally bestselling novelist Robert Ludlum. The hero of eight novels, including The Bourne Identity and The Bourne Supremacy, Bourne has also been featured in three blockbuster movies starring Matt Damon. Now, New York Times bestselling author Eric Van Lustbader presents a new story about the rogue secret agent who has lost his memory.

Jason Bourne returns to Georgetown University and the mild world of his alter ego, David Webb, hoping for normalcy. But after so many adrenaline-soaked years of risking his life, Bourne finds himself chafing under the quiet life of a linguistics professor. Aware of his frustrations, his academic mentor, Professor Specter, asks for help investigating the murder of a former student by a previously unknown Muslim extremist sect. The young man died carrying information about the group's terrorist activities, including an immediate plan to attack the United States. The organization, the Black Legion, and its lethal plot have also popped up on the radar of Central Intelligence, where new director Veronica Hart is struggling to assert her authority. Sensing an opportunity to take control of CI by showing Hart's incompetence, National Security Agency operatives plan to accomplish what CI never could-hunt down and kill Bourne. In Europe, Bourne's investigation into the Black Legion turns into one of the deadliest and most tangled operations of his double life-the pursuit of the leader of a murderous terrorist group with roots in the darkest days of World War II-all while an assassin as brilliant and damaged as himself is getting closer by the minute . . .

After Bourne is ambushed and nearly killed while in Indonesia, he fakes his death to take on a new identity and mission- to find out who is trying to assassinate him. In the process, Bourne begins to question who he really is and what he would become if he no longer carried the Bourne identity. Across the globe, an American passenger airliner is shot down over Egypt-apparently by an Iranian missile-leaving the world wondering if it was an accident or an act of aggression. A massive global team lead by Soraya Moore is assembled to investigate the attack before the situation escalates. When Bourne's search for his would-be assassin intersects with Soraya's search for the group behind the airplane bombing, Bourne is thrust into a race to prevent a new world war. But it may already be too late.

Jason Bourne is one of the most popular and compelling characters in modern fiction. Originally created by bestselling author Robert Ludlum, now New York Times bestselling writer Eric Van Lustbader carries on Ludlum's legacy with a new novel about the rogue secret agent who has lost his memory . . . Jason Bourne has been pursued by powerful governments--and escaped. Hunted by the most skilled assassins in the world--and outsmarted them. Targeted by terrorists--and defeated their plans for global chaos. But now, Bourne wants only one thing: retribution. THE BOURNE RETRIBUTION Bourne's friend Eli Yadin, head of Mossad, learns that Ouyang Jidan, a senior member of China's Politburo, and a major Mexican drug lord may have been trafficking in something far more deadly than drugs. Yadin needs Bourne to investigate. Bourne agrees, but only because he has a personal agenda: Ouyang Jidan is the man who ordered Rebeka--one of the only people Bourne has ever truly cared about--murdered. Bourne is determined to avenge her death, but in the process he becomes enmeshed in a monstrous world-wide scheme involving the Chinese, Mexicans, and Russians. Bourne's increasingly desperate search for Ouyang takes him from Tel Aviv to Shanghai, Mexico City, and, ultimately, a village on China's coast where a clever trap has been laid for him. Bourne finds himself pursued on all sides and unsure whom he can trust. As he moves closer to Ouyang, closer to avenging the woman he loved, he also moves ever closer to his own death . . .

When Jason Bourne pulls a drowning man from a lake, he discovers that the man is not only freezing - but bleeding profusely from a gun-shot wound. He wakes as an amnesiac, with no memory of who he is or why he was shot - and Bourne is eerily reminded of his own past. Meanwhile, Mossad agent Rebekah is so determined to find this man that she's gone off the grid, cut her ties to her agency, and risks a summary execution if caught by her former colleagues. Back in the U.S., Treadstone operatives Peter Marks and Soraya Moore are recovering from their last mission which left both of them critically injured. Finally cleared for duty, they discover a new man assigned to their team: Dick Richards. But can they trust Richards, or does he have a secret mission all his own? Everything turns on the mysterious amnesiac. Will Bourne learn his identity or will other, powerful forces get to him first?

A Jason Bourne novel from the #1 New York Times bestselling author Facing down mercenaries in Africa, Jason Bourne witnesses the death of an art dealer named Tracy Atherton. Her killing dredges up snatches of Bourne's impaired memory, in particular the murder of a young woman on Bali who entrusted him with a strangely engraved ring-an artifact of such powerful significance that people have killed to obtain it. Now he's determined to find the ring's owner and purpose. But Bourne never knows what terrible acts he'll discover he committed when he digs into the past. The trail will lead him through layers of conspiracy to a vicious Russian mercenary, Leonid Arkadin, who was also a graduate of the Central Intelligence training program Treadstone. A covert course designed to create ruthless assassins for C.I., it was shuttered by Congress for corruption. Yet before it was dismantled, it produced Bourne and Arkadin, giving them equal skills, equal force, and equal cunning. As Bourne's destiny circles closer to Arkadin's, it becomes clear that the eventual collision of these men is not of their own making. Someone else has been watching and manipulating them. Someone who wants to know, Who is the more deadly agent?

Now, New York Times bestselling writer Eric Van Lustbader carries on Jason Bourne's story with a new novel about the rogue secret agent who has lost his memory . . . In this thrilling and absorbing new novel Jason Bourne is faced with an impossible mission. He has been hired to impersonate a high-level government minister at a political summit meeting in Qatar, shielding the minister from any assassination attempts. Suddenly, armed gunmen storm the room, killing everyone but Bourne. Their target, however, isn't the minister Bourne impersonates...it is Bourne himself. Kidnapped and transported to an underground bunker, Bourne finds himself face-to-face with an infamous terrorist named El Ghadan ("Tomorrow"). El Ghadan holds as his captive Soraya Moore, former co-director of Treadstone, and a close friend to Bourne, along with her two year old daughter. Meanwhile, the President of the United States is in the midst of brokering a historic peace treaty between the Israelis and the Palestinians-an event that El Ghadan is desperate to prevent. He demands that Bourne carry out a special mission: kill the President. If Bourne refuses, Soraya and her daughter will die. Bourne must make a monstrous choice: save Soraya and her daughter, or save the President.

Already devastated by loss, Bourne is shattered by a report that his last friend in the world, Martin Lindros has gone missing. A CI deputy director, Lindros was in Ethiopia tracking suspicious shipments of yellowcake uranium and atomic bomb weaponry. His last lifeline to humanity, Bourne will not let Lindros go. Despite his hatred for CI, Bourne sets out to rescue his friend and finish the job: dismantling a terrorist network determined to build nuclear armaments by cutting off their source of money. But Bourne doesn't realize that these men, Islamic supremacists, are leaders of an incredibly dangerous, technologically savvy group with ties from Africa, across the Middle East, and into Eastern Europe and Russia. They have predicted Bourne's every move, and are counting on his unwitting help in their plans to destroy America.

Jason Bourne and a former ally join forces to take down a murderous tech giant in the latest electrifying entry in Robert Ludlum's New York Times bestselling series. Abby Laurent is an investigative reporter. The last time she worked with Jason Bourne she almost lost her life, but now she's deep into the biggest story of her career. If she can prove her case, she'll rock governments from DC to Europe. Obviously with that much on the line there are a lot of people who are willing to take her off the board. She has only one option--find Bourne and convince him to help her.
