the French Revolutionary and Napoleonic period restructured politics and society on a grand scale, making this the defining moment for modern European history. This volume collects together a wide selection of primary texts to explain the process behind the enormous changes undergone by France and Europe between 1787 and 1815, from the Terror to the Counter-Revolution and from Marie-Antoinette to Robespierre and Bonaparte. While bringing the impact of historical events to life, Philip Dwyer and Peter McPhee provide a clear outline of the period through key documents and lucid introductory passages and commentary. They illustrate the meaning of the Revolution for peasants, sans-culottes, women, and slaves, as well as placing events within

formation of the nation states and the growth of empires. By the beginning of the twentieth century, European empires dominated most of the world's surface - however, the two world wars brought the continent down from its peak of power. From 1945 to 1989, Europe lost its empires and fell under the influence of the two superpowers, the USA and the USSR; but with the decline and fall of the latter, Europe has since moved towards a new unity. Paths to a New Europe considers the development of the continent from its origins through premodern to postmodern times, and provides a balanced treatment of Europe and of its wider global setting. Within the overall division of East and West Europe, each section is given due attention and Paul Dukes shows how cultural traditions, along with
