The Marriage of Heaven and Hell Summary - eNotes.com

In The Marriage of Heaven and Hell (1790), William Blake turns convention on its head in this lengthy, dense, and somewhat cryptic work. Much of the poem is written as a stream-of-conscious theological manifesto, other portions as societal critiques, and others as poetic songs or proverbs. The main theme of this work is dualism; that is that light and dark, good and evil, angels and demons form a symbiotic circle and one cannot exist without the other.

No work has challenged its readers like Blake's 'The Marriage of Heaven and Hell'. His 'Proverbs of Hell' have been culled for the slogans of student protest and become axioms of modern thought. Iconoclastic, bizarre, unprecedented, it is all of these. Most extraordinary is the revolutionary method of its making. The Bodleian Library copy is one of the first that Blake printed using the method he called 'Illuminated Printing' and the only work in which he

signifies its importance. This new edition includes a complete facsimile of the work, together with a transcript, and a plate-by-plate guide to text, the interlinear figures, and the larger designs, supplied in the commentary. Drawings from Blake's Manuscript Notebook used as a basis for the designs together with working proof impressions are reproduced in this volume, showing how the work evolved. In a special section, the same plate from each of the other eight surviving copies is also reproduced to show how over a period of more than 30 years Blake altered the way each copy was finished. The introduction discusses the work's literary and historical background, the printing process used to produce it and the question of why the work was published without an imprint identifying the author and printer.

This ebook is a series of texts, which were written in imitation of biblical books of prophecy, but expressing the poets own personal romantic and revolutionary beliefs. It is not exactly known when the work was written. One assumes it was composed in London between 1790 and 1793 , a period of political conflict arising immediately after the French Revolution. The book is about the first person narrators visit to Hell, a concept taken by Blake from Dantes Inferno and Miltons Paradise Lost. Apart from the opening Argument and the Song of Liberty, the entire book is written in prose. The Marriage of Heaven and Hell was influenced by the mysticism of Swedish theosophist Emanuel Swedenborg and is also in part a satire on Emanuel Swedenborgs writings, especially on Heaven and Hell from which Blake adapted the title. William Blake (1757 – 1827) was a British poet, painter,

visionary mystic, and engraver, who illustrated and printed his own books. Blake proclaimed the supremacy of the imagination over the rationalism and materialism of the 18th-century. Largely unrecognised during his lifetime, Blake is now considered a seminal figure in the history of both the poetry and visual arts of the Romantic Age.

Differentiated book- It has a historical context with research of the time-The Marriage of Heaven and Hell by William Blake. William Blake (London, November 28, 1757 - ibidem, August 12, 1827) was a British poet, painter, and printmaker. Although largely unknown throughout his life, Blake's work is now highly regarded. Because of the relationship that poetry has in his work and their respective engravings, Blake is often used as an example of the "total artist". According to The Guardian newspaper, "William Blake is by far the greatest artist Britain has ever produced." Considering Blake's achievements in poetry or the visual arts separately would be detrimental to understanding the magnitude of his work: Blake viewed these two disciplines as two means of a unified spiritual effort, and they are inseparable in correctly appreciating his work. For this reason, illustrated editions of Blake's work had not been particularly valued in the past, until advances in printing techniques have allowed greater dissemination, as they became more accessible. Blake was born at 28 Broad Street, Golden Square, London, to a new middle-class family in 1757. His father was a knitter. They are believed to have belonged to a radical religious sect called Dissenters.

A visionary of eighteen-century English art, William Blake was largely unknown during his own lifetime and often rejected as a madman for claims of hearing voices and later having visions. Since his death, Blake has achieved enduring fame for his innovative and extraordinary work and is widely viewed as one of the most important of all English artists. Created between 1790 and 1793, "The Marriage of Heaven and Hell" is considered by many to be one of his most original and inspired books. Written largely in criticism of Emanuel Swedenborg's 1758 work "Heaven and Hell", which argued in favor of a strict moral structure and a clear distinction between good and evil, Blake instead viewed the world as unified where both the heaven of the physical world and the hell of desire and passion were all part of the same divine plan. Written in the form of imaginary Biblical prophecies, Blake created a world where contradictory impulses and emotions are all necessary parts of existence and where each person must embrace these paradoxical characteristics of human nature in order to progress in life. The result of Blake's vision is a dynamic and thought-provoking masterpiece from one of history's most eccentric and brilliant artists. This edition is printed on premium acid-free paper and reproduces one of the first set of plates in full color along with a complete transcription of the poem.

The Marriage of Heaven and Hell is a book by the English poet and printmaker William Blake. It is a series of texts written in imitation of biblical prophecy but expressing Blake's own intensely personal Romantic and revolutionary beliefs. Like his other books, it was published as printed sheets from etched plates containing prose, poetry and illustrations. The plates were then coloured by Blake and his wife Catherine. Blake's theory of contraries was not a belief in opposites but rather a belief that each person reflects the contrary nature of God, and that progression in life is impossible without contraries. Moreover, he explores the contrary nature of reason and of energy, believing that two types of people existed: the "energetic creators" and the "rational organizers," or, as he calls them in *The Marriage of Heaven and Hell*, the "devils" and "angels." Both are necessary to life according to Blake. Blake's text has been interpreted in many ways. It certainly forms part of the revolutionary culture of the period. The references to the printing-house suggest the underground radical printers producing revolutionary pamphlets at the time. Ink-blackened printworkers were comically referred to as a "printer's devil," and revolutionary publications were regularly denounced from the pulpits as the work of the devil.
