This is the first edition of the new IB Paper One topic--The Move to Global War, and is a well organized and helpful textbook. The main problem I have noticed is not in the content but in the sample questions. There are several typos and inconsistencies especially for the second and third question.

At Island School, the prescribed focus of this Paper will be on 'The Move to Global War' which focuses on military expansion from 1931 to 1941. Two case studies are prescribed, from different regions of the world, and both of these case studies must be studied. The first case study explores Japanese expansionism from 1931 to 1941, and the second case study explores German and Italian expansionism from 1933 to 1940.

A riveting account of the five most crucial days in twentieth-century diplomatic history: from Pearl Harbor to Hitler ' s declaration of war on the United States By early December 1941, war had changed much of the world beyond recognition. Nazi Germany occupied most of the European continent, while in Asia, the Second Sino-Japanese War had turned China into a battleground. But these conflicts were not yet inextricably linked—and the United States remained at peace. Hitler ' s American Gamble recounts the five days that upended everything: December 7 to 11. Tracing developments in real time and backed by deep archival research, historians Brendan Simms and Charlie Laderman show how Hitler ' s intervention was not the inexplicable decision of a man so bloodthirsty that he forgot all strategy, but a calculated risk that can only be understood in a truly global context. This book reveals how December 11, not Pearl Harbor, was the real watershed that created a world war and transformed international history.
