Jesus never intended the church to become an institution; he intended it to be a people of power, transforming the world. Power

is the capacity, ability, and the willingness to act. Most people and systems use power to dominate and control, but others have used it relationally to liberate, transform, and even save. Built around a biblical exploration of shalom, *Building a People of Power* explains how local churches can use power to transform their communities and their cities. Detailed power strategies are presented enabling churches to build productive relationships, to address the primary issues of people they serve, and to develop strong leaders, faithful organizations, and redeemed neighborhoods that live out shalom.

case of environmental contamination in history—affecting virtually every person on the planet—and the conspiracy that kept it a secret for sixty years. The story that inspired *Dark Waters*, the major motion picture from Focus Features starring Mark Ruffalo and Anne Hathaway, directed by Todd Haynes. 1998: Rob Bilott is a young lawyer specializing in helping big corporations stay on the right side of environmental laws and regulations. Then he gets a phone call from a West Virginia farmer named Earl Tennant, who is convinced the creek on his property is being poisoned by runoff from a neighboring DuPont landfill, causing his cattle and the surrounding wildlife to die in hideous ways. Earl hasn't even been able to get a water sample tested by any state or federal regulatory agency or find a local lawyer willing to take the case. As soon as they hear the name DuPont—the area's largest employer—they shut

him down. Once Rob sees the thick, foamy water that bubbles into the creek, the gruesome effects it seems to have on livestock, and the disturbing frequency of cancer and other health problems in the area, he's persuaded to fight against the type of corporation his firm routinely represents. After intense legal wrangling, Rob ultimately gains access to hundreds of thousands of pages of DuPont documents, some of them fifty years old, that reveal the company has been holding onto decades of studies proving the harmful effects of a chemical called PFOA, used in making Teflon. PFOA is often called a "forever chemical," because once in the environment, it does not break down or degrade for millions of years, contaminating the planet forever. The case of one farmer soon spawns a class action suit on behalf of seventy thousand residents—and the shocking realization that virtually every person on

the planet has been exposed to PFOA and carries the chemical in his or her blood. What emerges is a riveting legal drama—in the grand tradition of Jonathan Harr's *A Civil Action* (Booklist, starred review) about malice and manipulation, the failings of environmental regulation; and one lawyer's twenty-year struggle to expose the truth about this previously unknown—and still unregulated—chemical that we all have inside us.

In an age of hashtag and armchair activism, merely raising awareness about injustice is not enough. Michelle Warren and her family have chosen to live in communities where they are "proximate to the pain of the poor." Here she shows us how proximity changes our perspective, compels our response, and keeps us committed to the journey of pursuing justice for all.

As a young urban youth worker, Ted Travis was captivated by a question posed by Christian community development pioneer Dr. John Perkins: "How do we build incentive in inner-city youth, motivating them toward Christ and a life of meaning and purpose?"

# Acces PDF Toxic Charity Unknown Binding Robert D Lupton

Over the next 30 years, Ted wrestled with this question as he and his wife Shelly ministered to hundreds of teens in Denver's Five Points neighborhood- an inner-city community facing the daunting challenges of poverty, gangs, crime, and unemployment. Along the way, Ted pressed biblical principles and tried-in the-trenches strategies into a philosophy of youth leadership development he calls "transformational discipleship." In *Building Cathedrals*, Ted shares his blueprint for transformational discipleship (as well as accounts of its profound impact on young people) and exhorts today's youth workers to reimagine their ministries and raise up a new generation of visionary urban leaders. This book has been revised and expanded, including the addition of an index.

Times bestseller from the author of *Dusk, Night, Dawn, Almost Everything* and *Bird by Bird*, a powerful exploration of mercy and how we can embrace it. "Mercy is radical kindness," Anne Lamott writes in her enthralling and heartening book, *Hallelujah Anyway*. It's the permission you give others—and yourself—to forgive a debt, to absolve the unabsolvable, to let go of the judgment and pain that make life so difficult. In *Hallelujah Anyway: Rediscovering Mercy* Lamott ventures to explore where to find meaning in life. We should begin, she suggests, by "facing a great big mess, especially the great big mess of ourselves." It's up to each of us to recognize the presence and importance of mercy everywhere—"within us and outside us, all around us"—and to use it to forge a deeper understanding of ourselves and more honest connections with each other. While that can be difficult to do, Lamott argues that it's

crucial, as "kindness towards others, beginning with myself, buys us a shot at a warm and generous heart, the greatest prize of all." Full of Lamott's trademark honesty, humor and forthrightness, Hallelujah Anyway is profound and caring, funny and wise—a hopeful book of hands-on spirituality.
