Many Canadian children from minority status groups experience long-term academic complexities, influencing their sense of school belonging and engagement. Research demonstrates children with intersecting differences of race, ethnicity, language, and disability, and those in their middle years (10–13 years old), undergo heightened academic challenges. Yet, what are children with disabilities' personal schooling experiences, and how may these insights support inclusive learning, teaching, and sense of belonging? Within Toronto, one of the most diverse Canadian cities, this book explores the stories and experiences of six middle years children with intersecting differences of race, ethnicity, language, and

disabilities (particularly autism).

Through narrative and critical discourse analysis research methods the children ' s views were accessed via a mosaic multi-method data collection approach, including their own photography, drawings, journal writings, imaginative story games, and interview texts. The children ' s narratives illustrate their understandings of differences, learning, and inclusion. This book presents innovative insights highlighting the voices of children with disabilities as they navigate through complex issues of diversity and share how these impact their understandings and experiences of school inclusion and exclusion. The author advocates inviting the voices of children with intersecting differences into educational conversations and

A Model Unit for Grade 4: Voices and Visions of the North is one book in the series Tools for Instruction and Reading Assessment. The series consists of twenty-four companion documents to Teaching to Diversity: The Three Block Model of Universal Design for Learning by Jennifer Katz. The model unit integrates major themes from Manitoba's curricula for the first term of the grade 4 school year. The topics are "Canada's North" from the social studies curriculum with "Light" and "Sound" from the science curriculum. These are brought into other disciplines: mathematics, physical education and health, language arts, and fine arts —

Differentiated activities based on MI approaches inspire diverse students and accommodate their individual learning styles. MI activity cards are included, as well as planners that outline the essential understandings, essential questions, and final inquiry projects for the unit. Rubrics, based on Bloom ' s taxonomy, show a progression of conceptual thinking from rote, basic understanding to synthesized, higher-order analysis. Teachers can use this model unit as a template for planning subsequent thematic units for the rest of the school year.

The great thing about being Canadian is simply this: we don't take ourselves too seriously, which works out pretty well because no one else on the planet takes us seriously, either. If you're reading this book, there's a good chance you're a Canadian. But what does that mean? There are the stereotypical nods, such as politeness and apologizing, but there's so much more! To be honest, you've probably taken part in (or at least talked about)

"A Hoser's Guide to Canadian History" is your ticket to even more things "Canadian" that you may have missed during your water-cooler discussions, online chats, or your seventeen-hour wait in the local emergency room. As you read this book, you'll discover new and exciting facts about Canada that simply weren't taught in school. As a History teacher, I found the need to spread the unvarnished truth of this great nation's past. People like Sir John "Eh" MacDonald, Tommy Douglas, and Pierre Trudeau all had a distinct impact on this great country of ours, and part of their stories are included in these pages. Even less-

famous folks who helped to shape Canada got a mention: John Humphrey, Laura Secord, and Egerton Ryerson. (Yes, "Egerton" is a real name.) Canada has an exciting past, full of events that have brought us to where we are now. Like all countries, we have some things we'd like to forget, but most of those unpleasant moments happened because we had morons in Parliament, something that doesn't happen anymore. Canadians have no need to apologize for being nice, honest, and caring people. So, please enjoy this book, and if you don't, well, I'm sorry.
