L'Eroica® in Moto è per me tante cose: ho provato a condensarci tutti i valori, le esperienze, le emozioni e la bellezza che mi hanno ispirato in una intera vita on the road. Uno spirito che mi sembrò di respirare appieno ai tempi delle prime mitiche Parigi-Dakar - o forse che quando hai vent'anni vedi il mondo con occhi tanto più poetici! Eppure anche oggi mi pare ci siano belle persone che vivono all'insegna della lealtà, dell'avventura, dell'amicizia, e anzi sono grato a questo evento per avermene fatte incontrare tante e sempre di nuove ogni anno! La Toscana ci mette a disposizione strade meravigliose in un paesaggio mozzafiato, e una accoglienza difficile da raccontare a chi vi partecipa per la prima volta: vi invito quindi a goderne in un solido equilibrio fra sicurezza e divertimento, rafforzando la nostra reputazione di gentlemen a due ruote!

The patrol vehicles used by Special Operations Forces in Afghanistan and Iraq vary quite dramatically between the theatres as well as amongst the Coalition members, and have been developed and upgraded to meet the demands of the deployment. Covering all the major Coalition nations, Leigh Neville continues his look at the elite forces deployed in Operations Enduring Freedom and Iraqi Freedom, with this analysis of their vehicles. Tracing the evolution of the vehicle types, from their historical precedents, through their designs to their operational developments, he discusses their advantages and disadvantages, along with their tactical employment. From the mine-protected vehicles used to counter the IED threat in Iraq, the use of Strykers as armoured raiding platforms by the US Rangers, to the civilian vehicles adapted for military service by both Coalition troops and Private Military Contractors in the regions, this book uses rare in-theatre photographs and colour artwork to show the variety and inventiveness of the patrol vehicles being used in combat today.
